

# CareerCHAT

**24/7 Career Chat Gives Your Students Access to Career Info When Needed!**

Your students' schedules keep them busy!

They are involved in clubs, projects, sports and many have even part time jobs.

That coupled with the rigorous demands placed on them by their current class load leaves little time for them to visit the Career Center and work on their career skills and job search.

## **That's where CareerChat can help!**

CareerChat is an online widget you simply place on your website or Facebook Fan page that gives them access to career information they need, when they need it!

Our career advisors will provide advice and direct students to not only career resources on your website, but top career resources across the Internet.

**Keep your Career Center open to students 24/7!  
Call to learn how!**

**For details on CareerChat visit [www.talentmarks.com](http://www.talentmarks.com)
